

Pioneer Handkerchief Doll

For this doll, you will need:

- 1 handkerchief
- 3-4 cotton balls
- Rubber band
- Ribbon
- String

Lay the handkerchief right side facing down. Fold the top down toward you about 2 inches making a flap. Place 3-4 cotton balls in the middle underneath the flap. Wrap a rubber band around the cotton balls several times. This forms the doll's head.

Pull the top left corner of the handkerchief up above the doll's head. Fold the left side into the center.

Pull the top right corner of the handkerchief up above the doll's head and fold the right side into the center.

Bring the top left corner out to the left side. Bring the top right corner out to the right side. Your doll should look like this.

Cut some string. Lift up one 'arm.' Wrap the string around really close to the doll's head.

Tightly knot the string.

Trim the excess string. Do the same to the other arm.

Cut another piece of string and tie it close to the end of the arm making a 'hand.' Trim the excess string. Do the same thing to the other arm.

Cut a piece of ribbon and tie it around the doll's neck.

Ta da! Your pioneer handkerchief doll is finished!
